Celebrating Australia and Remembering Adam Lindsay Gordon

This is a once off, unusual, and engaging adventure retracing our inspirational Australian countryside and character, visiting special places, attending unique events and learning about how Australia inspired Adam Lindsay Gordon and his poetry. Come on this adventure and meet the characters, relive the events, and see the scenery that initiated and inspired his uniquely Australian poetry.

(Gordon is the only Australian poet acknowledged at Westminster Abbey, America's Theodore Roosevelt admired him, and public statues and monuments are scattered throughout Australia in his honour. He died 150 years ago this year and he leaves a strong legacy— as you'll discover on this journey!)
